*We think in silence and it comes to pass.
Environment is but our looking glass.*

Trisha Keel is one of *those people* who demands answers to difficult questions. Her endless curiosity and relentless pursuit of knowledge has led her through a uniquely eclectic mix of studies. Spurred by her father's untimely death in 1960, Trisha's first questions began with her certainty that the body in the coffin was *not* her father, regardless of what anyone said. Here her quest began.

Topics which lead to a deeper understanding are her passion, including cosmogenesis; anthropogenesis; death and NDEs; historical, religious, and cultural symbolism and lore; psychology and other areas of metaphysics, including studies of energy through intention, astrology, divination, palmistry, numerology, meditation, chakras, and the wild, wacky world of quantum physics. Trisha expanded her focus to include the seen and unseen environmental energies of feng shui in 1989, and was certified in Advanced Feng Shui by James and Helen Jay of Feng Shui Designs in California in 1998.

Known for her skills as a “natural born teacher” Trisha Keel steps into wherever you are and quickly identifies the path to your goal. Walking beside you, she confidently guides if you get lost and uplifts should your spirits fall.

Trisha designs, creates, and delivers online training and live seminars to meet the needs of those who seek answers. Her intuitive grasp of energy is unparalleled. Devoted to the joy of learning and driven by the delight of serving others, Keel's mission is to encourage, enlighten, and empower others to recognize their universal connections, live joyfully, and to achieve their goals.

Trisha Keel has authored several books delivering her esoteric knowledge, including *Living HeartWise: Healing the Hearts and Lives of Baby Boomers and Their Babies*; *Adventures in Energy: Real Life Feng Shui Reports*; *Environmental Energy Empowerment: Setting the Stage for Your Success*; *Feng Shui and Moon Magic*; in addition to a young reader's fiction book called *Into the Prism*.
